

## **RESPONSE AND AMENDMENT**

The undersigned would submit the following in reference to the specific concerns that the examiner raised in the Notice of No-Compliant Amendment and the correspondence dated August 22, 2005. This correspondence relates to the rejection of Claims 1 through 15 under Section 112, second paragraph. The undersigned would submit this additional response to specifically that concern of the examiner. The undersigned had previously submitted a prior response and will incorporate all responses into this submission.

### **IN THE SPECIFICATION**

In order to address the concerns of the examiner and to address the concerns of the Non-Compliant Amendment and to fully define the invention in this case and specifically as it relates to the second embodiment the undersigned inserts the following paragraph on page 8, lines 23 through 37:

"In this embodiment the top lip 705 of the tractor blade 720 is placed over the bar 600 of the device. The bottom surface 100 and edges 200 are identical in this embodiment. Pins 700 are inserted through holes 712, which have been provided so that the pin 700 will be positioned on the back surface 725 of the tractor blade 720. Figure 5 In the second embodiment the pins 700 take the place of the removable securing rod 400 in the prior embodiment."
